

# Item 14

(Information Item)

## Update on recent UC cohort tuition plan

---

**SUMMARY:**

A representative from the University of California will provide an update on a recently adopted policy to establish cohort-based tuition pricing.

**RECOMMENDATION:**

This is an information item; no action is required.

**BACKGROUND:**

In July 2021, the University of California (UC) Board of Regents approved a multi-year Tuition Stability Plan that affects Tuition, the Student Services Fee, and Nonresident Supplemental Tuition (NRST) for undergraduates and graduate students. Cal Grant awards for eligible UC students cover their Tuition and Student Services Fees.

For UC undergraduates, the increases will be assessed on a cohort basis beginning in Fall 2022. This means that charges for each entering cohort will be higher than the amounts charged to prior cohorts but will remain flat for the duration of a student's enrollment, up to six years.

Shawn Brick, Executive Director for Student Financial Support at the UC Office of the President, will present briefly on the tuition plan.
