

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request	
<h1>Garden Grove Unified School District</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
<h1>Garden Grove Unified School District</h1>	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>Due to COVID-19, GGUSD counseling teams have had a difficult time reaching students and parents to complete the financial aid application. Despite numerous site based parent meetings both online and in person, there have been less families in attendance due to the surge in COVID cases from January 2022-February 2022 which impacted the ability for site counseling teams to make contact with students and families. Our GGUSD counselors routinely sent out Parent Square messages to remind senior parents the importance of completing the financial aid process, however there is still a decline in the total number of submitted applications for the class of 2022.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>Parent meetings are an important component in the FAFSA/CA Dream Act application process. This year, GGUSD has offered a variety of meetings for parents at the school site, both via Zoom and in-person, to support the financial aid process and assist parents. Particularly in the past 3 months, participation by parents has been low due to the spike in COVID cases, family support, and work obligations. If granted the extension, counseling teams will continue efforts to reach out individually to seniors and families for students to complete the application process.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>In the 2021 school year, 2,536 of the 3,737 seniors (68%) submitted the FAFSA/CA Dream Act applications. As of February 28, 2022, 1,928 of the 3,458 current seniors (56%) have submitted their applications, which is a 12% drop in applications submitted compared to last year.</p>	
<p>4. Additional comments (if any):</p> <p>Garden Grove Unified School District school counselors will continue to support students in submitting the FAFSA/CA Dream Act application should this request be approved.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

If a request is granted by the Commission, financial aid applicants within the school district, community college district, or the area or region predominately affected by the qualifying event who have filed a FAFSA or CADAA between **March 3, 2022 and April 1, 2022** will be deemed to be on-time applicants.

Instructions:

Institution or District Submitting the Request: List the full name of the school district, community college district or California institution of higher education submitting the request.

Affected Students: Name the school district, community college district, or an area or region within the state, such as a city or county, in which the qualifying event had an adverse effect on the ability of pupils or students to successfully complete and submit their financial aid applications by the established application deadline.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a “qualifying event” as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a “qualifying event” is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

Contact Information and Signature: This request must be signed by either the superintendent of a school district or community college district or from the president or chancellor of a California institution of higher education that is eligible to receive state funds for student financial assistance.

Please submit the completed request as an attachment to schoolsupport@csac.ca.gov.

<h1>Gavilan Joint Community College District</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
Gavilan Joint Community College District, San Benito County, Santa Clara County, California	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>The COVID 19 pandemic has had adverse effects on our student's ability to submit financial aid applications. Although virtual events and some in-person events have been promoted and provided, attendance is often low due to ongoing restrictions. Challenges for our students include but are not limited to the following reasons: limited access to technology, technology challenges, etc. The Gavilan College district has continued its partnership with Cal-SOAP and local high school partners to provide workshops and presentations to increase FAFSA and CADAA completion.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>Due to the COVID-19 pandemic, financial events continue to be offered, but many in remote environments. While there was no reduction in events from the prior year, we continue to see low application completion rates. Below are some examples: 2021-2022 FAFSA/CADAA applications: Gilroy Unified 363, Morgan Hill Unified 312, San Benito 312 2022-2023 FAFSA/CADAA applications: Gilroy Unified 217, Morgan Hill Unified 209, San Benito 221</p>	
<p>4. Additional comments (if any):</p> <p>Outreach efforts will continue throughout the aid year to help mitigate the differences. Additionally, the college offers in-person and virtual financial aid application assistance via our welcome center and financial aid counters. Even with the additional efforts, the lower numbers will have detrimental effects on our Cal Grant eligible students, as federal aid is often not sufficient to cover college costs. In addition, the deadline postponement will benefit students who have yet to submit their applications.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. Deadline to submit postponement request: March 7, 2022

Institution or District Submitting the Request	
Gridley High School	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
Gridley Unified School District, Gridley, Butte County	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>Due to COVID, parents have had multiple job changes that made it difficult to gather tax documents to complete their 2020 and 2019 taxes. Our Farmers are also just getting paid for crops last year and are behind in doing their taxes. This school year, quarantians have had a lagre impact on student absences that caused many of our seniors to miss our FAFSA and CADAA events.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>We held two FAFSA/CADA workshop pull-out events for our seniors during the school day. These events were one hour each for a total of 5 hours with 12-15 students per hour. We used the 2nd event as a make up for the students who missed the first event but we still had students who were absent. Any students who missed both pull-outs have met individually with the high school counsleor to complete the FAFSA or CADAA one on one up to the parent portion. We have not had cancellations or delays of our events but rather multiple absences due to COVID quarantians.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>California Student Aid Commission Dashboard Data: Cal Grant Success Data</p>	
<p>4. Additional comments (if any):</p> <p>Our high school counselors need more time to meet individually with parents to help them complete the parent information portion of the FAFSA and CADAA data. We are finding that we can walk the students through the FAFSA or CADAA but then students do not sit with their parents to complete the parent portion. We also have a large portion of students who can submit the FAFSA electronically but whose parents need to mail in the signature page.</p>

<h1>Grossmont Union HS District</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
<h2>Grossmont Union High School District - 4,000+ high school seniors</h2>	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>Covid -19 Pandemic. As we transitioned back to full time on campus, our students and families are still struggling. Many of our students do not know their post secondary plans yet and are having difficulty connecting the need to complete a FAFSA/CADAA and their future plans. Many are still waiting on 4 year university decisions.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>Our in-person events have moved to a virtual format, with the onset of Omnicron. This is a huge challenge for our families to get the help they need. When we do in-person events, we get much more completion. Also, many of our community partners are short handed and do not have the workforce to do as many events. We are also hearing of network issues and the CSAC website being slower than usual and some of our families just give up.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>We monitor our percentages weekly on the CSAC dashboard and web grants portal and we are significantly down, even from last year. When I speak with our counselors, they are calling all students in individually, but seeing little movement.</p>	
<p>4. Additional comments (if any):</p> <p>Last year, we applied for and were granted this exemption. We had over 40 more students earn a Cal grant after the deadline and counselors shared it was mostly students who had heard from UC and CSU with decisions and now it was more "real".</p>

<h1>Healdsburg Unified School District</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
<h1>Healdsburg, CA in Sonoma County</h1>	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</p> <p>Due to the on-going disruption to in person student services as a direct result of the COVID-19 pandemic, which is a declared National Emergency, students have had an adverse effect on their ability to submit the FAFSA and CADAA by the March 2 priority deadline. Outreach activities and our ability to host events to support the usual FAFSA/CADAA application process have been significantly impacted since March 2020. Latinx families have been disproportionately affected by this change. The number of applications from our region has decreased for the 2022-2023 academic year.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>We were only able to hold one virtual Cash for College Workshop for our two high schools due to the pandemic. Participation in the virtual workshops was significantly lower than in-person workshops, particularly with Latinx families.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>Sonoma County high school students who have completed a FAFSA/CADAA by the March 2 deadline has seen a significant decrease. Nearly 43% of enrolled high school seniors completed a financial aid application in 2021, while only 27% of all enrolled high school seniors have completed the FAFSA/CADAA for 2022. The number of students receiving a Cal Grant award for 2022-23 is down by 43.8%. This is a clear indicator of the disproportionate impact the pandemic is having on our lowest income students who do not have the access to technology and resources.</p>	
<p>4. Additional comments (if any):</p> <p>We appreciate the opportunity to submit this application for an extension of the FAFSA/CADAA deadline for students to be considered for the Cal Grant.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

If a request is granted by the Commission, financial aid applicants within the school district, community college district, or the area or region predominately affected by the qualifying event who have filed a FAFSA or CADAA between **March 3, 2022 and April 1, 2022** will be deemed to be on-time applicants.

Instructions:

Institution or District Submitting the Request: List the full name of the school district, community college district or California institution of higher education submitting the request.

Affected Students: Name the school district, community college district, or an area or region within the state, such as a city or county, in which the qualifying event had an adverse effect on the ability of pupils or students to successfully complete and submit their financial aid applications by the established application deadline.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a "qualifying event" as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a "qualifying event" is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

Hemet Unified School District-Hemet, California - Alessandro High School, Academy of Innovation, Hamilton High School, Hemet High School, Tahquitz High School, West Valley High School, and Western Center Academy.	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>The COVID 19 pandemic has resulted in a lack of access for our students to work with counselors and site staff to complete their FAFSA/CADAA applications. The inability to meet with counselors and staff due to quarantine and subbing issues has resulted in fewer classroom presentations and workshops. In a typical environment, counselors and staff would have had increased access to pull small groups and individual students to offer additional support.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>District FAFSA/CAADA Workshops, College Kick-Off District Event, 1:1 workshops, In-Person Classroom Support Classroom competitions, and Outreach Support with our Community College</p>	
<p>3. HOLY NAMES
UNIVERSITY
Since 1868

California Student Aid Commission,

Holy Names University is submitting a deadline postponement request due to Covid-19. The students at Holy Names University have had numerous challenges that affected their ability to submit a FAFSA or CADAA applications on the established deadline. Most of the outreach conducted this year has been virtual. Some of our current and prospective students have had challenges with network connections and accessing information resulting in a significant number of students unable to attend or miss the virtual information and tutorial sessions conducted. In addition to this, virtual learning has taken a toll on all students and has caused a lot of anxiety. Students have grown accustomed to large group workshops and face to face office visits where they can receive one on one support. This has been very difficult due to COVID. In addition to our students facing challenges, the virtual environment that COVID forced all educational institutions into has brought challenges to all of our staff members. Contacting students and getting information to them in a timely manner has been a challenge in the new uncharted virtual world of COVID. We offered workshops Online, open virtual office hours and virtual office appointments to our students, however, the outcome has not been as successful in disseminating information to students compared to previous years.

Working with our local high schools has also been a challenge during this past year. New incoming freshmen are not accustomed to checking their emails daily and our inability to contact them has caused some prospective students to miss the deadline. HNU serves an extremely needy population and many of our incoming students usually have difficulties understanding the guidelines and regulations they are required to be met. Without proper personal guidance these prospective students face misunderstanding and confusion. The outcome of this lack of understanding has been a delay in submitting their application. It has also been brought to our attention that FAFSA and CADDA applications that have been submitted this year prior to the established deadline compared to last year's numbers has decreased. In light of these challenges faced by our students and staff during the Pandemic, we ask that the extension for our students get extended. Thank you for your consideration.

Sincerely,

Mike Groener

President

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request	
<h1>Imperial Valley College</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
<h1>Imperial County</h1>	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>The COVID-19 national emergency and subsequent shut down of the college and high school campuses have made it difficult for us to engage with local high school students and for students and their families to reach out for assistance with the FAFSA application. The FAFSA application is a complicated process for most students and their families and many families in our low income community struggle with the technology aspect of accessing the online and remote options available in place of in-person assistance due to continued gathering restrictions.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>Traditionally Imperial Valley College holds in-person workshops at all local high schools as well as provides one-on-one assistance on campus at our financial aid computer lab. These options have not been available as they have in the past due to continued restrictions on in-person gatherings throughout this application season. It continues to be much more difficult to reach students and families remotely for a variety of reasons.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>Race to submit data continues to show up to 25% reduction in FAFSA applications compared to pre-pandemic figures and an average of 5% reduction from last year. This is a clear indicator that the COVID-19 pandemic has negatively impacted our ability to serve students as we have done previous to this unprecedented time.</p>	
<p>4. Additional comments (if any):</p> <p>Imperial Valley College is committed to ensuring equitable access to higher education for students with financial barriers. We appreciate your consideration to extend the deadline for our students to participate in California state aid. We continue to actively work with our local high school population and believe with additional time we can be instrumental in increasing access to state awards which will lead to a positive impact in degree attainment and economic mobility amongst our most vulnerable students.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

If a request is granted by the Commission, financial aid applicants within the school district, community college district, or the area or region predominately affected by the qualifying event who have filed a FAFSA or CADAA between **March 3, 2022 and April 1, 2022** will be deemed to be on-time applicants.

Instructions:

Institution or District Submitting the Request: List the full name of the school district, community college district or California institution of higher education submitting the request.

Affected Students: Name the school district, community college district, or an area or region within the state, such as a city or county, in which the qualifying event had an adverse effect on the ability of pupils or students to successfully complete and submit their financial aid applications by the established application deadline.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a "qualifying event" as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a "qualifying event" is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

<h1>Jurupa Unified School District</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
<h2>Students/recent graduates of the Jurupa Unified School District</h2>	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</p> <p>We currently have noticeably fewer seniors who have completed their financial aid applications. We believe this is directly due to the impact of the ongoing pandemic. Because of public health/safety mandates we have been required to hold most of our financial aid workshops via zoom, which creates limitations to access for students and especially for parents. Also, many of our current seniors—who were forced into distance learning for 13 months (or 15 months including summer school)—reported being underprepared and overwhelmed at the beginning of the year to make post-graduation decisions. They cited feeling underinformed of their options, of having missed out on informational activities that happen during the junior year, and of being emotionally unprepared to make such an important decision for their future.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>We had to schedule fewer financial aid workshops this year due to public safety concerns and less availability of staff beyond the school day—both in the district and from supporting agencies—to support these workshops. At events held during the school day, fewer students were prepared to work on their applications due to greater challenges in outreach to parents and the lost year of preparation work last year.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>As we near the March 2 deadline, our year to date data shows: FAFSA/CADA submissions 2020-2021 school year = 52% FAFSA/CADA submissions 2021-2022 school year = 40%</p>	
<p>4. Additional comments (if any):</p> <p>We believe we will raise our submission rates with this 30 day extension. We have staff committed to supporting our students through this process and their transition to post-secondary education.</p>

<h1>Kerman Unified School District</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
Kerman High School, Enterprise High School, and Kerman Unified Online School	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>Every year, Kerman Unified, in collaboration with the Central Valley California Student Opportunity and Access Program (Cal-SOAP), works tirelessly to assist all our seniors with their post-secondary transition. One of the transition aspects includes the completion of their financial aid application. Serving a large population of underrepresented students along with many first-generation students, it is of utmost importance that we serve our due diligence in meeting their needs in supporting them in accessing post-secondary education. This year has been adversely affected by the COVID-19 related school absences and protocols.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>This year's workshops included various in-person sessions. Virtual sessions have also been offered and have become challenging because of faulty internet connection. Several of our students live in remote areas in which they do not have access to reliable internet. As a result, some students experience many technical difficulties in trying to log on to virtual workshops hosted via Zoom. Also, our high school sites, Kerman High School, Enterprise High School, and Kerman Unified Online School hosted various in-person sessions with very little success since many of those students that were unable to attend stated that it was due health risk concerns and/or COVID-19 related school absences.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>Over the last few years, we have seen a continually increasing trend in the number of FAFSA/CADAA application submissions. This year has been the exception. According to our current March 2nd Race to Submit competition numbers, only a little over 42 percent of our students have completed and submitted their FAFSA/CADAA thus far. That is about a 27 percent difference from the 2020-2021 school year. As a firm believer of equity and access for all students, I ask for your consideration to granting an additional 30 calendar days beyond the March 2nd, 2021 deadline for students who were unable to submit their 2021-22 FAFSA or CADAA application due to disruptions caused by the COVID-19 pandemic.</p>	
<p>4. Additional comments (if any):</p> <p>With the opening of Kerman Unified Online School, many students who choose not to attend one of our comprehensive high schools have not had the means or opportunity to successfully submit their completed financial aid application do to various COVID-19 related constraints. Cal-SOAP and Kerman Unified Online School have graciously offered on-campus application workshops during the school day but many students have been able to attend because of COVID-19 protocols and other factors.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

If a request is granted by the Commission, financial aid applicants within the school district, community college district, or the area or region predominately affected by the qualifying event who have filed a FAFSA or CADAA between **March 3, 2022 and April 1, 2022** will be deemed to be on-time applicants.

Instructions:

Institution or District Submitting the Request: List the full name of the school district, community college district or California institution of higher education submitting the request.

Affected Students: Name the school district, community college district, or an area or region within the state, such as a city or county, in which the qualifying event had an adverse effect on the ability of pupils or students to successfully complete and submit their financial aid applications by the established application deadline.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a "qualifying event" as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a "qualifying event" is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

Contact Information and Signature: This request must be signed by either the superintendent of a school district or community college district or from the president or chancellor of a California institution of higher education that is eligible to receive state funds for student financial assistance.

<h1>Lake Tahoe Community College</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
Lake Tahoe Community College (Region 2) students and Lake Tahoe Unified School District students.	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>Due to the COVID-19 pandemic and the recent spread of the Omicron variant, many students in our district have been unable to obtain in-person assistance to complete the FAFSA and CADAA. These families may not have the technology at their home that would allow them to complete their application. In our area, which is mostly rural, cell phone signal and WiFi are not universally available, and many students rely on the ability to use technology on-site at their institution.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>The following events were scheduled and then had lower than expected attendance, canceled, or moved to virtual mode due to the qualifying event:</p> <ul style="list-style-type: none">- 10/22/2021 - Community Resource Fair at the Soccer Games- 10/21/2021 - STHS Financial Aid Night (Scheduled for virtual, rather than in-person)- 12/9/2021 - LTCC College Night- 1/19/2022 - Tallac and South Tahoe High School FA Workshop (moved from in-person to virtual at the last minute)	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>According to the Race to Submit dashboard for El Dorado County, completed financial aid applications are down almost 22% in 2022 compared to this time in 2021 (where we also submitted a deadline postponement due to the 11% decrease over the prior year).</p>	
<p>4. Additional comments (if any):</p> <p>We got really good at pivoting in-person events to Zoom when needed, rather than just canceling, and we added at least 8 more outreach dates in various modes over last year. It has been incredibly difficult getting student and parent engagement during these times.</p>

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request	
<h1>Los Angeles Community College District</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
District wide Pell recipients are down 22% and CCPG recipients are down 6% compared with pre-pandemic period (2019-2020)	
Description of the Qualifying Event	
1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u>	
Due to the COVID-19 pandemic, many students are experiencing challenges with access to technology as a result students are not able to complete and submit their FAFSA/CADAA by the March 2nd deadline.	
2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.	
Participation rates at various events such as Cash for College have been low. Several of our colleges are hosting weekly FAFSA/CADAA workshops through zoom or in-person workshops.	
3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.	
Prior year data was an exception due to COVID-19 pandemic. Our current data would show a reduction compared to the data from prior prior year. Our target is achieve FAFSA/CADAA completion to pre-pandemic numbers.

<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>L.A. Unified's "College-palooza", an annual city-wide event that included one-on-one support in completing financial aid applications before the pandemic was canceled due to Los Angeles County Department of Public Health regulations. City-wide, regional, and school-site in-person financial aid outreach events throughout the school year by community-based organizations were also canceled or limited in the number of students who could assemble at a location safely. Our counselors and partners have worked overtime to provide support to students submitting financial aid applications and have outpaced the state in completions, but there are still many students who would benefit from additional time. Virtual online events to support FAFSA and CADAA completion have been offered; however, we have found that the online environment can take 2-3 times longer to complete the FAFSA/CADAA application.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>As of the February 13, 2022 Race to Submit Dashboard, there are 1,058 fewer completed FAFSA and CADAA applications compared to February 14, 2021.</p>	
<p>4. Additional comments (if any):</p> <p>There are 1,398 12th grade students enrolled in L.A. Unified's online program. These students are engaged in remote learning and do not have access to in-person support to complete the FAFSA or CADAA applications.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

If a request is granted by the Commission, financial aid applicants within the school district, community college district, or the area or region predominately affected by the qualifying event who have filed a FAFSA or CADAA between **March 3, 2022 and April 1, 2022** will be deemed to be on-time applicants.

Instructions:

Institution or District Submitting the Request: List the full name of the school district, community college district or California institution of higher education submitting the request.

Affected Students: Name the school district, community college district, or an area or region within the state, such as a city or county, in which the qualifying event had an adverse effect on the ability of pupils or students to successfully complete and submit their financial aid applications by the established application deadline.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a "qualifying event" as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a "qualifying event" is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

Contact Information and Signature: This request must be signed by either the superintendent of a school district or community college district or from the president or chancellor of a California institution of higher education that is eligible to receive state funds for student financial assistance.

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request	
Lynwood Unified School District	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
The city of Lynwood was one of the hardest hit at the height of the pandemic and is still working on its recovery. Students are still working to support families and outreach to students for FAFSA completion has been slower than years past	
Description of the Qualifying Event	
1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u>	
The COVID-19 national health emergency has created challenges for students and families completing the FAFSA/CA Dream Act applications that can prevent them from accessing financial aid for college and other types of support. The national health emergency has put many students in positions where they are working and cannot attend after school events or virtual events.	
2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.	
Due to public health concerns about the potential spread of COVID-19 many of our in-person student and parent FAFSA/CA Dream Act workshops at our schools that are held after hours were canceled or limited. More events are now allowed but they are closer to the deadline so it will be harder to reach all students. Virtual financial aid application workshops were held but the amount of student and parent participation was much lower than previous years.	
3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.	
Currently our traditional high schools are at 62 percent and 58 percent. Last year the schools were at 74 and 81 percent so we are looking at a 12 to 23 percent drop the extension will provide time to close this gap.

Institution or District Submitting the Request	
Middletown High School	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
Middletown Unified School District	
Description of the Qualifying Event	
1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u> The pandemic has caused many issues for access for students. Students are unable to access parents' tax information, severe weather has changed event dates, and case rates fluctuating have caused parents to be more fearful of coming to events. Students have missed dates due to being home sick with covid or exposed to it.	
2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. October FAFSA Completion night delayed twice (once due to counselor getting covid, and once due to weather). Workshops at local community colleges went online only and were at times unaccessible to many parents and students.	
3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. There are fewer students that have applied this year compared to last year.	
4. Additional comments (if any): we are in-between Superintendents, so our CBO signed this.

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request	
Yosemite Community College District - Modesto Junior College	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
Stanislaus, San Joaquin, Tuolumne and Calaveras Counties	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</p> <p>Due to the disruption caused by COVID-19 state of emergency declared by the President of the United States, Yosemite Community College District is requesting an extension to the March 2nd deadline to allow students to submit their 2022-23 FAFSA and/or California Dream Application. The pandemic has created multiple barriers for students such as: limited access to technology and internet, limited access to knowledgeable school professionals, and reduced access to workshops/webinars.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>FAFSA/CADAA workshops have been reduced due to limited staffing. School COVID protocols make it difficult to offer these services at a large scale. Participation on virtual activities has been reduced significantly.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>According to the Race To Submit website, all of the serving areas for Yosemite Community College District show a decrease in FAFSA/CADAA submissions. In 2021, Stanislaus County had a 42% submission rate; San Joaquin County 39%, Tuolumne County 30% and Calaveras County 49% submission rate. For the class of 2022 we see a decrease of FAFSA/CADAA submission that range between 7 to 21% decline. Districts such as Ceres Unified are showing a decline in FAFSA/CADAA submission from 2021 to 2022 of 17%; Modesto City High are seeing a decline of 13%; and Riverbank Unified is experiencing a 33% decline in FAFSA/CADAA submissions. If we segregate the data by schools, the discrepancy among high schools' FAFSA/CADAA submissions continue to decline at the rate of 10% to 30%.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

If a request is granted by the Commission, financial aid applicants within the school district, community college district, or the area or region predominately affected by the qualifying event who have filed a FAFSA or CADAA between **March 3, 2022 and April 1, 2022** will be deemed to be on-time applicants.

Instructions:

Institution or District Submitting the Request: List the full name of the school district, community college district or California institution of higher education submitting the request.

Affected Students: Name the school district, community college district, or an area or region within the state, such as a city or county, in which the qualifying event had an adverse effect on the ability of pupils or students to successfully complete and submit their financial aid applications by the established application deadline.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a "qualifying event" as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a "qualifying event" is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request	
Monrovia Unified School District	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
The affected students are graduating seniors from the Monrovia Unified School District. The Monrovia Unified School District is located in Los Angeles County.	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</p> <p>The COVID pandemic has impacted financial aid submissions in various ways. First, the economic impact that COVID has had on families has caused uncertainty with students regarding their academic plans for the 22-23 school year. Second, students have experienced sickness or loss in their families that has impeded them from attending campus FAFSA workshops and promotions. Third, the COVID pandemic has created a sense of unpredictability and reliance on distance learning that has caused apprehension among students regarding their freshman year of college. This apprehension has caused senior students to delay their college planning process, including completing their FAFSA/CADAA applications.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>Monrovia High School has had multiple workshops delayed and/or changed from in-person to Zoom due to pandemic surges. The delays or changes in meeting format have been caused by illness, COVID protocols and surges that have impeded large gatherings, or requests from presenting organizations to provide virtual workshops instead of in-person. Due to these factors, students have not had the same access to FAFSA/CADAA workshops and promotional events. This has been particularly true for those students with undependable internet service.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>According to the California Student Aid Commission Total Applications by High School data, by February 18, 2021, Monrovia High School students had submitted 190 FAFSA/CADAA applications. As of February 18, 2022, that number has dropped 20% to 152 FAFSA/CADAA applications.</p>

Counselors speak with students in class, one-on-one, have meetings with families, and workshops. Due to distance learning, students have not had freely-available access to counselors and resources that they did prior to the pandemic. This has lead to less student awareness and overall support.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>Our district has a partnership with our local community college; throughout the financial aid process, our high schools work in collaboration with their financial aid office. Parents have access to counseling and financial aid staff, to be able to complete their financial aid applications. Many of these events have since been canceled, and the class of 2022 did not receive the same support.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>Our financial aid application completion rate has dropped at two of our three comprehensive high schools. Completion rates are as follows: Seaside High 2021 = 53% / 2020 = 80% , Monterey High 2021 = 69% / 2020 = 63% , Marina High 2021 = 44% / 2020 = 75%</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request	
Moreno Valley Unified School District	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
Moreno Valley Unified School District	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>Due to the COVID 19 pandemic there has been a decrease in attendance district wide. Many students and staff were absent due to testing positive for COVID or being quarantined because of being a close contact. This caused a delay in students being able to participate FAFSA activities on days assigned for them to complete applications or receive the assistance they need from designated staff members.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>In person parent work shops, financial aid nights, and classroom visitations by guidance staff have all been limited, delayed or canceled due to the pandemic.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>Our FAFSA completion rate as a district in 2019 was around 70%, in 2020 it was 62%, in 2021 it was 51%, and now we are at a 35% completion rate.</p>	
<p>4. Additional comments (if any):</p> <p>The decrease can be attributed to students struggling socially and emotionally upon returning to in person learning after being on Distance Learning for over a year. Students need more time to access additional supports to get back on track and regain their morale in their pursuit of enrolling in post secondary institutions.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request

School District	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>A variety of events adversely effected the ability of students within MDUSD to successfully complete and submit their financial aid application by the established deadline. These included, that almost all of the Cash for College Workshops hosted by our high schools were done virtually this year, which didn't allow for the one-on-one help that occurs when we host these workshops in person. Many high schools chose to do a virtual presentation due to increase Covid cases in the county and because East Bay Consortium, (the folks who partner with CSAC to host Cash for College Workshops) did not have their volunteers available for in-person events because of COVID.</p> <p>Fewer families attended the in-person workshops than what is typical, possibly due to the rise in COVID cases throughout the winter months. CHS's Cash for College presentation in November was attended by a decent amount of families, but we were only able to help 25-30 families after the presentation. Furthermore, one of the high schools (YV) had a vacant College & Career Advisor position unfilled for the month prior to the March 2 deadline, significantly affecting the number of students who had access to assistance completing the forms during the school day.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>Cash for College Workshops hosted by our high schools were done virtually this year, which didn't allow for the one-on-one help that occurs when we host these workshops in person. <p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>Based on initial conversations with Counselors and College and Career Advisors it appears there at less MDUSD students who have completed and submitted their FASFA to date.</p>	
<p>4. Additional comments (if any):</p> <p>This extension would allow staff to provide addition outreach and support to all MDUSD students and families, especially our undeserved students.</p>

At this time, completed financial aid applications for the 2022-23 academic year are 11.26% less than that completed for 2021-22 (for which application deadline postponement was granted). Compared to application completed by March 2 for the 2020-21 year, this is a 14.49% decline.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. Institution or District Submitting the Request	
<h1>MTI College</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
<h2>current and enrolling students at MTI College</h2>	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</p> <p>The COVID-19 pandemic caused our school to significantly change our operations and many of our students now attend school partly or entirely online. Prior to COVID-19 most of our outreach to students was in person, and we are now primarily relying on electronic means to reach, educate, and assist students with completing their FAFSA/CADAA applications. During this time, many students have also been wary of meeting in-person for fear of COVID exposure, and this has further impacted our ability to help our students.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>signage on campus (still posted but seen by fewer students), in-person workshops (not scheduled this year), individual appointments (still available but not scheduled very often), information tables manned by financial aid staff during lunch and between classes (not scheduled this year), classroom visits by financial aid staff to educate and provide answers to questions (not scheduled this year)</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>During the 2022/23 year we received over 20% fewer ISIRs than we did during the same time frame for the previous year. In the 2021/22 award year we received 1004 ISIRs between 10/1/2020 and 3/4/2021 (Cal Grant deadline is 3/2 and ISIRs are received two days after FAFSA completion). In the 2022/23 award year we received 1295 ISIRs between 10/1/2021 and 3/4/2022.</p>	
<p>4. Additional comments (if any):</p> <p>We appreciate CSAC's understanding of the difficulties schools have had in assisting students with FAFSA/CADAA applications for the 2022/23 award year. We would appreciate the opportunity to have 30 additional days to contact and assist students at MTI College.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request	
Murrieta Valley Unified School District	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
All Class of 2022 students in MVUSD	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>Due to COVID challenges and restrictions the district outreach efforts for FAFSA and Dream Act applications have been compromised. Increased staff and student absences have negatively impacted FAFSA and Dream Act submissions.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>Traditional financial aid workshops and informational sessions have often been replaced by virtual sessions which have not been as successful in facilitating completed applications. Counselors have had to pivot from implementing FAFSA sessions to crisis management due to immediate student needs resulting from COVID impact.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>Current MVUSD submissions are approximately 25% lower than typical years.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

If a request is granted by the Commission, financial aid applicants within the school district, community college district, or the area or region predominately affected by the qualifying event who have filed a FAFSA or CADAA between **March 3, 2022 and April 1, 2022** will be deemed to be on-time applicants.

Instructions:

Institution or District Submitting the Request: List the full name of the school district, community college district or California institution of higher education submitting the request.

Affected Students: Name the school district, community college district, or an area or region within the state, such as a city or county, in which the qualifying event had an adverse effect on the ability of pupils or students to successfully complete and submit their financial aid applications by the established application deadline.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a “qualifying event” as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a “qualifying event” is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

COVID has had an impact on our ability to meet with our students. There are a considerable number on independent study and many that have been absent due to COVID illness and unable to attend events or meet with their counselors.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>The issue is not really canceled events. The issue is that students and their families have only sporadically been able to attend. While many cannot attend in person events we have tried numerous times to host virtual events and have hired additional staff for 1:1 outreach to students.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>Arcata High School is our largest comprehensive site, less than 50% of their seniors have completed the app. McKinleyville High is next and is currently at 65%, our charter Six Rivers is at 61% and our small alt ed sites are at less than 5%.</p>	
<p>4. Additional comments (if any):</p> <p>We are working hard to help our students graduate with the financial resources that they need to meet their goals - and extension would be very helpful and I would be grateful if you approved our request.</p>

Due to COVID and the recent surge that hit our district in January and February we lost two critical months on engagement with our students. Although the school counselors have been working diligently to catch up this extension would help.	
2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.	
Due to COVID we were not able to call parents individually, we were not able to schedule meetings with parents and/or students. We were not able to have any FAFSA nights and since staff and students were out due to COVID we were not able to follow up with students consistently.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a “qualifying event” as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a “qualifying event” is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request
Oakland Unified School District
Affected Students (School district, community college district, or the area or region, such as a city or county)
Oakland Unified School District, Alameda County, Oakland
Description of the Qualifying Event
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>The Omicron surge during January 2022 greatly impacted Oakland Unified School District's ability to support seniors in financial aid applications. In <u>Alameda County</u>, the omicron surge peaked on January 10th, with 14,141 new cases and a daily average of 3,037. The 7-day average during the week of January 16th was 4,537.</p> <p>The rapid rise in cases caused a significant increase in both student and staff absences throughout January. For the first semester of the 2021-2022 school year, senior students were absent districtwide at a rate of 16.6%. During the month of January, senior students were absent at a rate of 33.4%.</p> <p>In addition to student absences, the surge caused a great deal of teacher absences. During the first week after the winter break (January 4-7), 62 teachers were absent, representing 8.6% of the total instructional staff at the high school level. Additionally, many of our high schools had extensive teacher "sick outs" to draw attention to gaps in the district's COVID response plan. With so many students absent, and so many staff out or covering for their sick, quarantined, or protesting colleagues, our internal ability to support financial aid applications was severely hampered.</p> <p>In addition to the interruption of financial aid support services caused by staff and student absences, student services were further disrupted by the fact that our community based partners withdrew their staff from in-person services during the month of January. Oakland Unified relies on outside contractors for much of our financial aid support, and their physical absence from campuses, paired with general OUSD staff and student absences, meant most services planned for the month of January were effectively halted.</p> <p>Specifically:</p> <ul style="list-style-type: none">• Destination College Advising Corps and the Early Academic Outreach Program (serving 646 seniors) were remote-only until January 31st. Advisers were limited to 1:1 in-person services through the first week of February, limiting classroom presentations and in-person Cash for College events for our students.• East Bay Solano County Consortium (serving 367 seniors) was also remote-only through January 18th. They saw attrition in their college-aged advisors, many of whom did not return after the break, leaving our campuses short-staffed.• Other community based organizations that suspended in person programming for some or all of January include: TRiO, Upward Bound, Educational Talent Search, and Oakland Promise. <p>Because of the instability in our schools and the lack of availability from our partners, we were unable to host planned events in January. Many of these events were pushed back to the first week of February. This caused further confusion and delay when applications submitted on February 3rd-February 8th were not uploaded into our CSAC data, despite students receiving individual confirmation emails. We have needed to devote time that would normally be spent on direct student services to tracking applications that were submitted but not counted and determining next steps.</p>

Application Deadline Postponement Request

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.

The Omicron surge delayed or canceled the majority of our services districtwide during the month of January. This includes:

- **Larger events**, such as the Cash for College planned at Skyline High School and Oakland High School for late January. Districtwide, all large events that promoted outreach to students and their families had to be canceled.
- **Classroom Push-Ins** at a districtwide level because of the lack of staff and teachers, as well as pervasive student absences. This was compounded by the fact that many partners did not allow their staff to participate in advising beyond 1:1 or small groups, even once they returned to campuses in person.
- **1:1 Services** at a districtwide level because of lack of staff, student absenteeism, and remote-only partners and staff. Typically, our most vulnerable students struggle to access virtual assistance opportunities, putting them at a particular disadvantage during the month of January.

Staff Education and Outreach for Financial Aid Support due to the high number of teacher absences. This hampered our ability to provide staff education on the importance of financial aid submission, thereby weakening our messaging about financial aid to students and families.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financialaid application from the previous year.

The disruptions caused by Omicron have impacted our ability to support students in completing their financial aid applications by March 2nd. Even in comparison to last year, when numbers statewide were historically low, Oakland Unified School District is about 2% behind our previous year's rate as of February 16th. The instability caused by Omicron has meant that we have briefly needed to pivot from in-person to virtual services without adequate time to plan, or to ensure that our students have the materials to access virtual advising, including reliable technology and wifi. This disadvantages our most vulnerable students, and we are deeply concerned about the rate of on-time applications projected for our African American, Latinx, and low-income students specifically.

4. Additional comments (if any):

As the surge decreases, Oakland Unified has redoubled its efforts to reach out to students, families, and staff to support financial aid applications. Currently, sites are supporting students to apply using a variety of outreach methods, including classroom presentations, schoolwide events, phone banking, home visits, and 1:1 advising appointments. If provided this extension, we are confident that we can make up the ground that was lost in January and support many more of our students to submit applications for aid.

The pandemic has disproportionately impacted low-income communities, including our PVUSD community. Consequently, our students and families have been actively experiencing food insecurity and financial hardships. Return to in person school was challenging due to the social emotional distress experienced by students, families, and district personnel. Given the high exposure rate, many planned FAFSA/CADAA events were converted to a virtual setting and application numbers declined.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>85% of in-person financial aid assistance events were canceled. Although, PVUSD still held seven virtual events attendance dropped from an average of 300 families in the 2019-2020 academic year to 185 in 2020-2021 to 162 families in 2021-2022 academic year. Since the majority of our students are first generation college students there is a high need for individual support with the application. The financial hardships and insecurities students are facing at home are delaying their decision to pursue post-secondary education. Giving our students more time to complete applications would greatly benefit our community.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>In 2019-2020 56% (735 students) completed applications. In 2020-2021 49% (646 students) completed applications. Our ending numbers were 57% (760 students) completed applications. We are under the impression that the increase was because of the extension. As of February 20th, only 37% of students submitted(Race to submit details)</p> <p>This represents a decline of 20%</p> <p>In a district with a majority of low-income and first generation students this decrease is detrimental.</p>

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. I do not have this information	
4. Additional comments (if any): I would really appreciate this extension for our students because we have had very low income students literally crying because they missed the deadline or tried to submit on time but had problems. Our entire school community is still trying to recover from the impact of numerous affected students, families, staff and teachers.

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

If a request is granted by the Commission, financial aid applicants within the school district, community college district, or the area or region predominately affected by the qualifying event who have filed a FAFSA or CADAA between **March 3, 2022 and April 1, 2022** will be deemed to be on-time applicants.

Instructions:

Institution or District Submitting the Request: List the full name of the school district, community college district or California institution of higher education submitting the request.

Affected Students: Name the school district, community college district, or an area or region within the state, such as a city or county, in which the qualifying event had an adverse effect on the ability of pupils or students to successfully complete and submit their financial aid applications by the established application deadline.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a “qualifying event” as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a “qualifying event” is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

Contact Information and Signature: This request must be signed by either the superintendent of a school district or community college district or from the president or chancellor of a California institution of higher education that is eligible to receive state funds for student financial assistance.

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

The superintendent of a school district or community college district or the president or chancellor of an institution of higher education district may request a deadline postponement to allow students within their district, or region or area of the state, to submit their 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline, pursuant to California Education Code Section 69513.2. This form may be used to submit a request to the California Student Aid Commission (Commission) for postponement of the application deadline for Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) submissions. **Deadline to submit postponement request: March 7, 2022**

Institution or District Submitting the Request	
<h1>Palomar College</h1>	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
1. Palomar College District 2. San Diego - North County High School seniors	
Description of the Qualifying Event	
<p>1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u></p> <p>As a result of the Omicron variant, Palomar College along with most other Colleges in SD County delayed the return to campus. On 2/22/2022, the campus officially opened the doors for student support services. In efforts to maximize our student's ability to participate in the Cal-Grant programs, we are working to schedule in person assistance and would benefit from an approved 30 day extension.</p>	
<p>2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.</p> <p>Traditionally Palomar College has offered multiple hands on workshops during the months of January and February, promoting the March 2nd deadline. If allowed the 30 day extension, the college will offer these workshops during March 2022.</p>	
<p>3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year.</p> <p>To date a total of 17,640 ISIRS have been received for 2021-2022 To date a total of 6229 ISIRS have been received for 2022-2023</p> <p>Due to unforeseen technical issues, we have been unable to upload 2022 - 2023 CAL ISIRS and do not have a comparison at this time.</p>	
<p>4. Additional comments (if any):</p> <p>Palomar College is committed to ensuring equitable access to higher education for students with financial barriers. We appreciate your consideration to extend the deadline for our students to participate in California state aid programs. We are confident that with an approved extension, additional disproportionately disadvantaged students, will be afforded resources that will directly impact degree attainment and economic mobility.</p>

PASADENA UNIFIED SCHOOL DISTRICT
OFFICE OF THE SUPERINTENDENT

February 17, 2022

California Student Aid Commission

On behalf of Pasadena Unified School District (“PUSD”) students, I would like to request consideration for PUSD students to submit 2022-23 FAFSA or CADAA applications after the March 2, 2022 deadline. Due to the pandemic limiting the number of students we can service at a time and counseling opportunities for our students, FAFSA and CADA completion has fallen short of our district goal. Our overall FAFSA and CADA completion rate is not near the 75-100% completion we hope to have.

Counselors are able to communicate with students and their families in a variety of ways, some of which have proven to be more difficult during COVID, as follows:

- By holding multiple parent evening events, in person, on campus
- By pushing into classrooms and speaking to students about FAFSA/ CADA and resources and support for completion. We have limited community outreach on campuses.
- By advertising local College Access Plan (CAP) & CalSOAP resources
- By advertising state level resources through California Student Aid Commission

Due to COVID related illnesses and student/parent reluctance to attend “in person” events, we feel our application rates are not where they should be.

Thank you for considering our request for additional time for PUSD students to complete this important document. We continue to be dedicated to our students’ futures and expect their continued success.

Sincerely,

Brian McDonald, Ed.D
Superintendent

Due to COVID-19 and the related effects on attendance for both students and staff has made it more challenging to support families in completing the FAFSA.	
2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event.	
In person events have been limited, forcing the workshops to be done all online. This has resulted in lower participation in workshops.

Institution or District Submitting the Request	
Petaluma Joint Union High School District	
Affected Students (School district, community college district, or the area or region, such as a city or county)	
Petaluma Joint Union High School District	
Description of the Qualifying Event	
1. Provide a brief description of the qualifying event that is the basis for the request, <u>including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.</u> Due to the on-going disruption to in person student services as a direct result of the COVID-19 pandemic, which is a declared National Emergency, students have had an adverse effect on their ability to submit the FAFSA and CADAA by the March 2 priority deadline. Hosting in-person outreach activities and our ability to meet with students and parents as part of the usual FAFSA/CADAA application process have been significantly impacted since March 2020. Latinx families have been disproportionately affected by this change. The number of applications from our district has decreased for the 2022-2023 academic year.	
2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. We went from two in-person workshops to hosting only one in a much less functional space. We held a second event online, but turn-out for online events like that were much lower than the in-person workshops, particularly with Latinx families. Turn-out for the in-person workshop was much lower than normal likely due to concerns about health and safety.	
3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. Petaluma Joint Union high school students who have completed a FAFSA/CADAA by the March 2 deadline has seen a significant decrease. Nearly 52% of enrolled high school seniors completed a financial aid application in 2021, while only 38% of all enrolled high school seniors have completed the FAFSA/CADAA for 2022. The number of students completing a Cal Grant application award for 2022-23 is 38%, down from 50% in 2021. There has been greater than a 32% reduction in the number of Cal Grants awarded to Petaluma Joint Union School District seniors from 2021/2022 to 2022/2023. This is a clear indicator of the disproportionate impact the pandemic is having on our lowest income students who do not have as much access to technology and resources.	
4. Additional comments (if any): Intermittent technical issues with the FAFSA created additional barriers and delays in FAFSA completion. We appreciate the opportunity to submit this application for an extension of the FAFSA/CADAA deadline for students to be considered for the Cal Grant.

The fact that a majority of our student body consists of low socio-economic backgrounds, minorities and first-generation college students. An extension for the FAFSA/CADAA application deadline would allow our outreach efforts to reach a larger percentage of our student population, hopefully reaching FAFSA/CADAA submission levels of previous years.</p>

Application Deadline Postponement Request

For 2022-23 FAFSA/CADAA

If a request is granted by the Commission, financial aid applicants within the school district, community college district, or the area or region predominately affected by the qualifying event who have filed a FAFSA or CADAA between **March 3, 2022 and April 1, 2022** will be deemed to be on-time applicants.

Instructions:

Institution or District Submitting the Request: List the full name of the school district, community college district or California institution of higher education submitting the request.

Affected Students: Name the school district, community college district, or an area or region within the state, such as a city or county, in which the qualifying event had an adverse effect on the ability of pupils or students to successfully complete and submit their financial aid applications by the established application deadline.

Description of the Qualifying Event: The Commission may grant an additional 30 calendar days beyond the March 2, 2022 deadline for students who were unable to submit their financial aid application, including the 2022-23 FAFSA or CADAA, due to disruptions caused by a “qualifying event” as defined in Section 69513.2.(d) of the California Education Code:

For purposes of this section, a “qualifying event” is any event or extenuating circumstance outside of the control of the pupils or students in an affected school district, community college district, or area or region that, in the judgment of the commission, has had an adverse effect on the ability of students within the district to successfully complete and submit their financial aid applications by an established statutory deadline. The qualifying event shall have occurred or been ongoing during the period for which financial aid applications were available to submit for the following academic year, and includes, but is not necessarily limited to, any of the following types of events:

- (1) A natural disaster.
- (2) A state of emergency declared by the Governor or the President of the United States.
- (3) A labor action.

1. Provide a brief description of the qualifying event that is the basis for the request, including how the event has had an adverse effect on the ability of pupils or students within the school district, community college district, or an area or region within the state, such as a city or county, to successfully complete and submit their financial aid applications by the established application deadline.

2. Provide a list of any financial aid outreach events, including, but not necessarily limited to, workshops or webinars sponsored by the commission, that have been canceled or delayed due to the qualifying event. If no events have been affected, please leave this section blank.

3. If available, provide data showing that there has been, or is likely to be, a reduction in the number of students who have completed a financial aid application from the previous year. If no data is available, please leave this section blank.

4. Additional comments: Please use this section to provide any other relevant information or comments. Attach additional documents if necessary.

Contact Information and Signature: This request must be signed by either the superintendent of a school district or community college district or from the president or chancellor of a California institution of higher education that is eligible to receive state funds for student financial assistance.

Please submit the completed request as an attachment to schoolsupport@csac.ca.gov.
