

California Student Aid Commission

PROPOSED NEW CONTRACTS OVER \$250,000

1. Vendor: CA Department of Social Services
Amount: \$400,000,000.00
Funding: State Budget Act of 2022
Term: One year through June 30, 2023
Purpose: Reimbursement for Temporary Assistance for Needy Families (TANF)

Description:

TANF provides assistance and work opportunities to needy families by granting states the federal funds and wide flexibility to develop and implement their own welfare programs. The California Department of Social Services (CDSS) sends TANF funds each fiscal year through the Budget Act to CSAC to use their Grant Delivery System process to identify California Work Opportunity and Responsibility to Kids (CalWORKs) recipients that meet the criteria to receive postsecondary education grants. CDSS reimburses the Commission for identified TANF payments.

2. Vendor: CA Department of Social Services
Amount: \$52,319,811.00
Funding: State Budget Act of 2022
Term: September 1, 2022-June 30, 2025
Purpose: Reimbursement for CHAFEE Grant Program

Description:

CHAFEE grant program provides funding opportunities to eligible foster and probation youth. This agreement is to continue the transfer of operational responsibility for the CHAFEE program to the Commission. The Commission shall operate the Chafee ETV program in accordance with the program instructions provided by the U.S. Department of Health and Human Services, Administration for Children and Families, and the program guidelines developed by CDSS. CDSS reimburses the Commission for the administration of and payments made for the CHAFEE grant program.

3. Vendor: SRI Infotech
Amount: \$496,000.00
Funding: State Budget Act of 2022
Term: November 15, 2022 – November 14, 2024
Purpose: Consulting Services for Oracle Database Administrator

Description:

Consultant will provide expert-level skills, knowledge, and abilities with an eye toward quality to implement management of Oracle 12c/19c databases, execute and analyze procedures, install and upgrade new database servers/appliances,

perform data cleansing, work with development team to pinpoint issues and provide solutions, etc.
