(Action Item)

## Consideration of Executive Director's Salary

---

**SUMMARY:**

Pursuant to the California Student Aid Commission (Commission) Policy regarding Commission requests for increases to the Executive Director's salary, this item considers whether the criteria in the policy have been met for a request to increase the Executive's Director's salary. The Commission will publicly share if the criteria has been met, and if so, the proposed salary increase not to exceed five (5) percent of the current salary unless there is a two-thirds vote by the Commission for a larger increase.

**RECOMMENDATION:**

Apply the Commission's Policy regarding Commission request for increases to the Executive Director's salary in determining whether a salary increase will be requested for the Executive Director.
